

**deb
stoko**

The world's greatest
occupational skin care product range

SCANDINAVIAN PRODUCT RANGE

The world's leading away from home skin care company

Our Expertise

Science | Heritage | Innovation | Ambition

Deb and Stoko have come together to create the world's leading occupational skin care specialist; combining innovation, science and over 80 years of expertise to lead the fight against occupational skin disorders.

We have created the greatest and most comprehensive occupational skin care range that meets all skin care needs with products that people like, understand and are motivated to use. The new Deb Stoko Range will deliver improved health & safety, reduced environmental impact and a measurable economic value.

Supported by the world's largest dedicated skin care sales team, our core purpose is creating a health & safety culture to truly make hands matter in the workplace.

Key Facts

- Our products are used over **150 million times** every day
- **97%** of our products are manufactured in our own production sites
- **23 operations** covering **5 continents**
- Our two state-of-the art dispenser manufacturing facilities can produce up to **5 million** dispensers per year

Leading the fight
against occupational
skin disorders

Deliver true leadership in the
fight to combat occupational
skin disorders.

LEADERSHIP

Provide the most complete
product offering to address
the skin care needs for all
workplace environments in
one range.

SKIN CARE

Expanded geographic
coverage over five continents
to better serve both our local
and international customers.

GLOBAL

Use our deep technical
expertise to further drive
innovation in skin care.

EXPERTISE

All Occupational Skin Care Needs in One Range

Deb Stoko is the most comprehensive range of high quality products covering the whole spectrum of skin care needs, spanning industrial, commercial, food and healthcare environments. The range has been carefully devised to respect both regional requirements and personal preferences.

It offers protection against a wide variety of threats while providing specialised cleansing options for any light through to heavy requirement; hand disinfection with advanced Deb Foam Technology; as well as restoration with world renowned skin care creams.

The 6 Outstanding Benefits

1 World's Best Products

As the global expert in occupational skin care, our unrivalled products are specially designed to provide optimal performance, with skin friendly formulas that respect the environment. All our products are manufactured to international standards for quality and regulatory compliance.

2 Incomparable Breadth of Range

All the skin care requirements of all end users in all market sectors are addressed in one range. By selecting the specialist products that are appropriate for each workplace environment, our range can be completely tailored for integration into a dedicated skin care programme that will drive improvement in skin care standards.

3 Continuous Innovation

Our range includes unparalleled innovations and 'World Firsts'; through investing more in R&D than any other occupational skin care specialist.

4 Deep Knowledge & Support

The Deb Stoko Range is exceptionally supported by the world's largest dedicated sales team, expertly trained and supported by a comprehensive, international team of technical and scientific occupational skin care experts.

5 Cost Advantage

The comprehensive range ensures the right product can be used for the right application for optimal use and efficiency, with controlled dosing to minimise waste. All Deb Stoko product formulations and dispensing systems are designed, developed and manufactured in-house to provide the best choice solution for every application and to deliver cost advantage.

6 Smart Packaging

With a unique understanding of customer behaviour, our smart packaging has been designed to be eye-catching, yet universally understood to drive compliance and correct product usage.

Our 4-Step Approach to Superior Skin Care

Our product range accommodates a broad variety of user preferences and application requirements. All Deb products are fully tested, supported and colour-coded for easy identification.

PROTECT

Pre-work skin protection creams help protect the skin against contact with various workplace contaminants, irritants and working conditions. They also help make the skin easier to clean.

- UNIVERSAL
- SPECIALIST

CLEANSE

Appropriate cleansing of the hands plays a vital part in preventing occupational dermatitis. Using the appropriate cleansers will help with removing dirt and irritants while keeping the skin in a healthy condition.

- WASHROOM
- ANTIMICROBIAL
- LIGHT
- SHOWER
- MEDIUM HEAVY
- HEAVY
- SUPER HEAVY
- ULTRA

SANITISE

Hand sanitiser that can be used without water to kill germs and provide a higher level of hand hygiene and skin disinfection.

- DISINFECT

RESTORE

After-work skin restore creams help to maintain the skin in healthy condition by keeping it soft and supple, avoiding dryness. Good skin condition is an important element in ensuring good hand hygiene practice.

Stokoderm® Active PURE

Protection Rating **1**

Water & Oil Based Substances

Active Skin Protection Cream

Anti-Allergen | Anti-Irritant | Universal Protection

- Unique universal pre-work hand cream with Deb 'Active Defence Molecules' for improved health and protection
- Anti-allergen effect by encapsulating and absorbing allergens encountered in the workplace to help prevent allergic skin reactions
- Anti-irritant effect by neutralising moderately aggressive chemicals that are known to cause skin irritation
- Protection effect by creating a light barrier layer that helps protect skin against contact with water and non-water based workplace contaminants, e.g. oils and solvents
- Perfume-free; suitable for use in the food industry
- Class 1 Medical Device product to help prevent occupational skin disease

Where to use:

Moderate, changing contamination where a higher level of health and protection is preferred; suitable for use with gloves

Soaps

Hair & Body
Wash

Ecolabel Certified - For products meeting stringent technical criteria using life cycle assessment (LCA) methodology which covers the main environmental impacts generated at all stages of a product life cycle, including manufacturing, use and disposal.

Why Foam Soaps Are Better Than Lotion Soaps

Independent research shows that Deb Stoko foam soaps require 36% less product for an effective hand wash compared with traditional liquid/ lotion soap. The research also reveals that using foam soap instead of traditional lotion/ liquid soap reduces:

- Water consumption by up to 45%
- Product consumption and chemical waste
- The energy required to heat washroom water
- Packaging waste

* Studies conducted in the UK in 2009

You can select a washroom design from one of our many creative templates.

Customised Dispensers

Our cutting-edge print technology can be combined with a wide variety of component colour options to decorate a dispenser that is unique to you.

Our design teams can work with you to create a dispenser that reflects your own identity or specification. Our exclusive design development and manufacturing process produces permanent decorations that are chemical and fade resistant and will last the life of the dispenser.

From corporate branding, to logos, instructions for use, or eye-catching photographic quality images.

**IT'S
YOUR
CHOICE**

Deb's design team can conceptualise your ideas to produce fantastic and unique dispensing solutions, tailored to your specific requirements.

SKIN CLEANSE - WORKPLACE

SKIN HYGIENE

A range of antimicrobial hand cleansers and hand sanitisers to provide a high level of hand hygiene in hygiene sensitive environments, such as the food industry and healthcare, or in environments where a higher level is preferred. Hand hygiene is the most important measure to protect from infection and prevent cross-contamination.

ANTIMICROBIAL CLEANSERS

OxyBAC® FOAM Wash

Kills **99.999%** of many common bacteria

Broad spectrum antimicrobial rich-cream foam hand wash with Accelerated Hydrogen Peroxide® (AHP)

- Perfume-free, dye-free and preservative-free foam hand wash
- Contains AHP® - a unique patented broad spectrum biocide with highly effective bactericidal (EN1499) and fungicidal (EN1650) activity; plus effective against many viruses
- Does not induce antimicrobial resistance and hydrogen peroxide breaks down into oxygen and water with no environmental contamination
- Specifically formulated for use in food handling environments where high levels of hand hygiene are required; independently tested to prove non-tainting to food
- Hypoallergenic formula is safer for skin and safer for the environment compared with all other antibacterial soaps

Where to use:

Any food manufacturing & processing, food service & catering environment where food is being handled

Deb Stoko System Dispensers

Deb has a unique range of 1 litre, 2 litre and 4 litre closed, sealed cartridge dispensers that meet the distinct needs of any workplace.

Sealed systems	Deb's ultrasonically sealed cartridge and pump mechanisms prevent the ingress of air into the cartridge during use to help prevent product contamination and ensure 'fresh' product is dispensed every time.
Fixed product dose	Our dispensers deliver the exact amount required, controlling both usage and cost as well as reducing waste.
Usage Illustrations	Our dispensers have simple-to-understand and language-neutral diagrams to show the best practice method of use; ideal for multinational workforces.
No Mess	Non-drip, non-clog pump mechanisms ensure no mess.
Colour-coding	Colour coding cartridges and dispensers help users easily identify the type of product.
No wastage	The air-tight cartridges are designed to collapse during use, ensuring full evacuation of product with no wastage.
Security	The dispensers' unique locking mechanism helps prevent unauthorised access, pilferage and product contamination.
Saves time	The colour-coding ensures that correct cartridges are used in the dispensers. Cartridges can be replaced in seconds, reducing maintenance time and costs.

BioCote® protected

All Deb dispensers are exclusively protected by BioCote® - a silver-based antimicrobial agent that is incorporated into the plastic components at the time of manufacture and inhibits the growth of a broad spectrum of bacteria and moulds. BioCote® will not wear-out or rub-off and is effective for the lifetime of the dispenser.

Guaranteed for life

All Deb dispensers are manufactured from durable plastic components and rigorously tested for high usage environments, providing assurance of quality and long-term cost efficiency.

Deb Stoko Support

For any organisation, the implementation of skin care practices that are collectively followed and universally understood is an ongoing challenge.

Therefore, to help with this process, Deb has created a unique education and audit support programme available to all customers of the Deb Stoko Range.

Ongoing Site Education & Awareness

To help improve and maintain skin care standards, we provide a number of communication tools to support ongoing education and awareness.

Pre & Post Installation Audits

Our team of experts conduct pre and post installation audits to ensure the correct Deb Stoko products and dispensing systems are selected and installed, providing complete customer satisfaction.

Annual Audits

Our team of experts are also able to conduct annual audits to provide a maintenance check of the installed Deb Stoko dispensers, review the products in use and introduce any new products and education that can provide additional benefits for the customer.
